Glenbow School

2024/25 School Education Plan At-A-Glance

This Year We Worked On:

- Harnessing student's phonological awareness skills to improve reading accuracy and comprehension.
- Creating interesting, relevant and challenging learning experience to improve student's numeracy skills.

You Can Help By:

- Reading with your child daily. Asking questions about what they read to support comprehension.
- Making math part of everyday life. Using real-life situations like cooking, shopping, or building to explore numbers, measurement, and problem-solving.

Next Year You Can Look Forward To:

- Integrating the *Honour the Work* kits to explore career pathways and foster meaningful, real-world connections.
- Implementing structured literacy and numeracy blocks to support continued skill development.

Information is based on our 2024/25 school education plan.
