Next Meeting: *School Council Meeting – Wednesday Oct. 13, 7:00 pm over Zoom*

Glenbow School Council Trustees Report September 2021

Welcome to all parents/guardians and thank you for taking the time to be here. The role of a School Council is very important as it has a legislated role to fulfil to act in an advisory capacity to the school principal and the school board. The RVS Board truly values being part of our local school council meetings and we are appreciative of the opportunity to connect and share information.

Over the last number of weeks, we have received lots of feedback from parents and community members regarding the return to school and appreciate all the differing perspectives and opinions on how best to support the health and wellness of our children and students as they head back to school.

RVS' return to school plan continues to focus on balancing the social, emotional, physical health and learning needs of our students with an "as normal as possible" school year, while keeping within the government health guidelines. New provincial health measures were announced today and we are quickly adjusting our Return to School Plan to be in alignment. The Board believes

that even with these health restrictions in place our schools and teachers continue to create great learning environments for students.

As a school division, RVS continues to grow, and our current enrolment exceeds our projections for this year. This means there are more students than anticipated and the division will work to address this over the coming weeks as numbers get a little more firmed up.

Municipal and School Board elections take place on Monday October 18th.
