Trustee Report - Sep 14, 2022

School Councils

School Councils are such an important part of our education system in Alberta. They are so important that it is a requirement in the Education Act that all schools have a School Council and RVS Board of Trustees is committed to being part of each school council to connect with and hear from parents, and to keep apprised of what is happening in our schools. Each School Council across RVS is a member of the Alberta School Councils' Association and they are a good resource in supporting the important work of school councils.

School Start Up

September is such a busy time in schools, and an exciting time! RVS schools welcomed over 27, 700 new and returning students which reflect a 4.3% enrolment growth. This is more than projected and schools are responding to the growth as best and as efficiently as they can. The enrolment numbers will continue to fluctuate with official enrolment to be determined end of September.

With this continued growth, RVS' is in urgent need for new schools and additional student spaces in order to continue to provide the quality learning experiences that our students deserve.

Summer Projects

Lots done over the summer as operations and maintenance staff use the time to do upgrades and renovations that can't be done while students are in the buildings.

Looking Ahead

Joint Board School Council meeting set for Thu Oct 27 at 5:30pm at the Education Centre in Airdrie. Stay tuned for invitation.
